

Slips, Trips, and Falls Prevention

ARRIVING AT WORK?

Make sure you abide by these
housekeeping rules

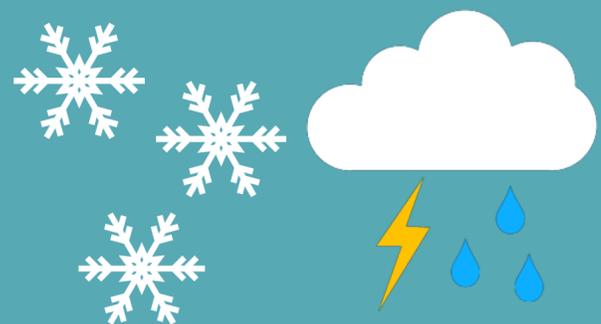

Sign in, collect any permits you need,
and get inducted with site rules

Use the pedestrian route and think
about traffic management routes

Wear safety boots & bring your
Personal Protective Equipment

Find out where materials and
waste skips are

Clear up entrance and exit way
to plots

Be aware of weather conditions that
may cause wet or slippery surfaces

Check your work area for trips or hazards
